

Presswood Pallet

Scenix pallet supplies high quality presswood pallet. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

Product Introduction

We regularly perform our spirit of "Innovation bringing progress, Highly-quality making certain subsistence, Administration marketing benefit, Credit score attracting customers for Professional China China Factory Directly Sale Compressed Wooden Pallet, Make sure you come to feel absolutely cost-free to speak to us for organization. We think we're going to share the ideal trading practical experience with all our retailers. Professional China China Pallet, Wooden Pallet, We've more than 200 staff including experienced managers, creative designers, sophisticated engineers and skilled workers. Through hard work of all employees for the past 20 years own company grew stronger and stronger. We always apply the "client first" principle. We also always fulfill all contracts to the point and therefore enjoy excellent reputation and trust among our customers. You are very welcome to personally visit our company. We hope to start a business partnership on the basis of mutual benefit and successful development . For more information remember to do no hesitate to contact us.

Presswood Pallet

Introduction of Presswood Pallet

Pallet is the horizontal platform device for the loading, stacking, and transporting of goods and products as unit loads. Presswood pallets are plant fiber molded flat industrial pallet, as the full name. Molded wood pallet is made of raw materials such as wood shavings, plant straws, and so on. Molded wood pallet is one-time press molding with the overall structure of the board and 9 support feet. The upper surface of presswood pallet plate is flat and smooth, to meet the transport of various goods, the lower surface with the stiffener. It is that the longitudinal and horizontal balance of the board, nine feet can meet the four-way distribution by the fork, and presswood pallet is ideal for logistics transport.

Specification of Presswood Pallet

PRODUCT PARAMETERS	
Material:	high quality wood fiber
Synthetic resin:	high strength environmentally adhesive
Load:	dynamic load 2000kg / static load 5000kg
Fork hole height:	90mm
Manufacturing:	molded in one solid piece from dried wood fibers
Into the fork:	4 way entry
Specifications:	1100x1100mm / 1200x800mm / 1200x1000mm/1050x1050mm(4 way)
	1140x980mm / 1300x1000mm(2 way)
Fumigation certificate:	no fumigation, can be exported directly

Presswood pallet

Presswood pallet is the full name of plant fiber molded flat industrial pallet, with the overall structure. And the surface of pallet is smooth and flat, to meet the transport of various goods.

Wooden pallet

Wooden pallets use logs as the material, through the drying and modeling, to eliminate the internal stress, and then cutting, planing, sanding and other finishing processing, using nails to connect the wood plate, and the last is the wax sealing process.

Product Application

Dynamic load capacity: over 2 Tons

Static load capacity: over 5 Tons

Moisture content: ≤8%

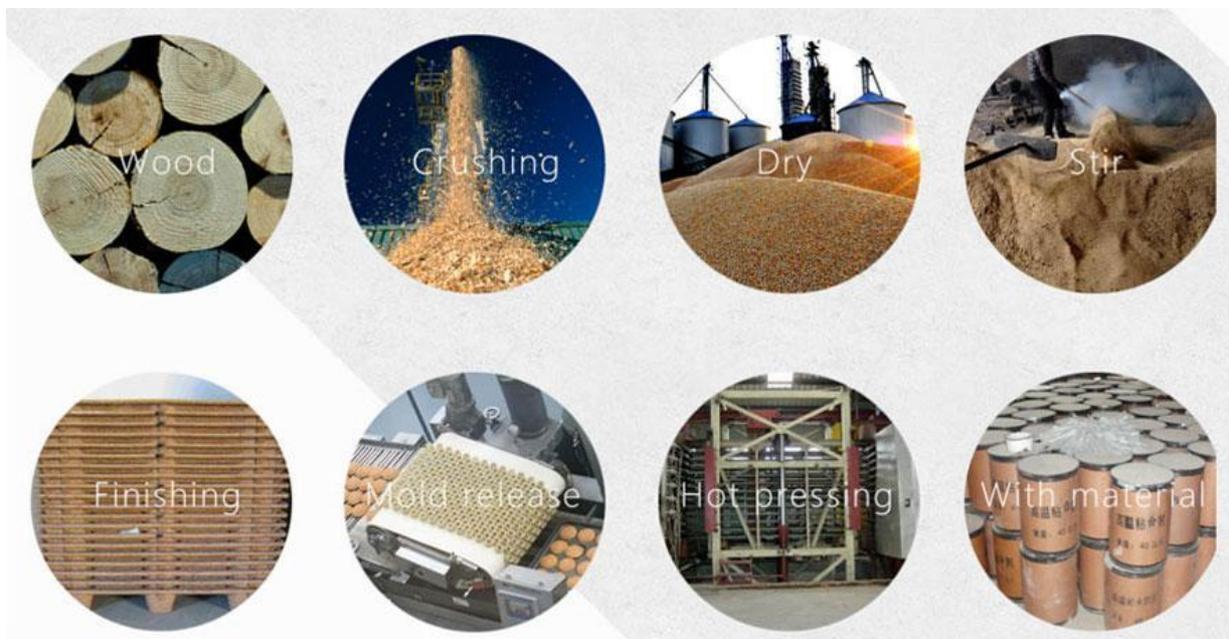

Used for the storage, packing and transportation of goods in many industries, such as paper making, building material, chemical industry, electronics industry, hardware, food, pharmaceutical industry. Lower price and weight than traditional natural wood wooden pallet

Details Of Presswood Pallet

Raw materials for presswood pallet are anything contains wooden fiber, and are very easy to get. Besides, the raw materials contenting rich fiber also can be used to produce presswood pallets.

1. Waste wood, scraps of the wood, sawdust wood chips, wood shaving, wood chips, big chips, raw wood, burned forest, logs, wood board, branches, timber, wood flakes, and waste pallets, and so on.
2. Anything contenting rich fiber also can be used to produce the pallets, such as straw, waste kraft paper, bamboo, palm trees, coconut husk, softwood, wheat straw, bagasse, and miscanthus, and so on.

Delivery and Shipping Service of presswood pallet

Shipping methods:

By Sea: From Qingdao seaport

By Air

By Train or by Land

Faq

1. Space-saving.

The same size of presswood pallets is nestable. And, they can be easily separated from a stack with a fork lift truck. Nesting pallets reduces storage space by up to 66% than conventional wooden pallets.

2. Lighter weight.

Presswood pallet is 60% lighter than a conventional wooden pallet.

3. Excellent design.

Round edges design of presswood pallet is suitable for cargo safety, and perfect reinforcing rib to enhance loading ability. Accurate size with one-time pressed, no bending.

4. Safe.

Presswood pallet is a one-piece design. There are no nails or staples to reduce product and package damage. And eliminating burrs help reduce employee and customer injuries.

5. Environmentally friendly.

Presswood pallets are a resource-friendly, wood-based recycling product, made from recycled waste wood from saw-mills and industry.

6. Ready for export.

Presswood pallets are acceptable for export all over the world. The high temperature and pressure manufacturing process makes the pallets free fumigation and burns out all insect and larval infestations.

7. Quality assurance.

Low 6-8% moisture content of presswood pallet reduces the risk of product damage. And resin bonded construction provides high water resistance.

8. Recyclable and renewable.

Old pallets which are no longer usable can be shredded and re-glued to make new presswood pallet.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, presswood pallet and presswood pallet machine. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
